

# International Symposium on Plasmid Biology

7–11 September 2026 in Berlin, Germany

Plasmids in bacterial success and adaptation to changing environmental conditions – ONE HEALTH perspective

## Scientific programme online

We are pleased to announce that the main programme of the International Symposium on Plasmid Biology is now available online.

The programme covers a broad spectrum of plasmids. Look forward to topics such as:

- Evolution of plasmids and their functions
- Maintenance and replication of plasmids
- Sequence based plasmid taxonomy and database
- Conjugation, mobilization and other mechanisms of plasmid dissemination
- Plasmid-based technologies
- Plasmid-mediated dissemination of antibiotic resistance and other selective traits
- ONE Health Antimicrobial resistance - Importance of plasmids

Discover the programme on the [website](#). You'll also find all of this year's [main speakers](#) there. Get an overview and look forward to hearing from international speakers!
